## **APPLEBY SHAW SOLICITORS**

I am a specialist family lawyer with over 25 years' experience dealing with:

- ✓ divorce
- ✓ separation
- ✓ children
- ✓ finances
- ✓ cohabitee disputes.

- As a member of a national family solicitor organisation known as Resolution, I subscribes to its code of conduct with its main principle being that family disputes should be resolved by agreement and contested court proceedings should be a last resort. I am also an accredited member of Resolution and therefore a recognised expert in the field of family law.
- In addition I am also a trained Collaborative lawyer. Collaborative law is an innovative way to resolve family disputes by looking at solutions which are beneficial to the whole family and not just the parties. This is achieved by having a series of round table meetings between the parties and their solicitors to find a holistic solution and a commitment not to issue court proceedings.

Here at Hubertus UK we import the award winning beer from the Czech Republic. We distribute the three styles of beer under the Hubertus brand to the license trade around the United Kingdom.

### Award Winning

What makes this beer taste different to other beers is; it is brewed as a traditional pilsner but it is not pasteurised. This small difference gives the beer a totally different taste making it very lively and a palatable.

### Availability

All of the beers are available in glass 500ml bottles as well as draft casks in 20, 30 & 50 litre vessels. A composite disposable cask is also available for beer festivals.

For further information please contact our office.

Hubertus is considered to be the best beer to leave the Czech Republic in the last decade!
